

Interactions with Private Sector

*GIF Policy and Experts Meeting: Rio de Janeiro
July 9-10, 2002*

Overview of this Presentation

- *Objectives*
- *Path Forward*
- *Gen IV Symposium Issues*
- *World Nuclear Association*

Objectives

- *Reach private-sector companies and organizations:*
 - *Nuclear system and equipment vendors*
 - *Architect/Engineers*
 - *Fuel cycle equipment and service providers*
 - *Utilities and Owner-Operators*
- *Brief private sector on Gen IV initiative and identify private-sector opportunities*
- *Establish modes of participation by private sector in GIF-sponsored R&D*

Path Forward: Gen IV Symposium

- ***Gen IV Symposium in early 2003, under GIF auspices***
 - ***Provide near-term, long-term strategy context for Gen IV initiative***
 - ***Explore interest of individual companies to participate and cost-share in Gen IV concept R&D (in-kind, computer codes, facilities, funds, e.g., on related INTD system)***
- ***Invite industry organization(s) to assist in organizing and funding symposium***
 - ***Have initiated discussions with WNA as candidate industry organization for assisting in organizing and raising funding for symposium***

Gen IV Symposium Issues

- *Appropriate time frame for symposium and preparation*
- *List of invitees*
- *Symposium format and content - invited talks*
- *Funding*
- *Role of GIF Secretariat*
- *Industrial host - such as WNA*
